Google Analytics

Recursion Software uses Google Analytics to gather statistics on portions of its web site. We use the information gathered to improve the website for site visitors and to improve the effectiveness of our referring site network. Google Analytics employs cookies to define user sessions, which allows for the collection of important data about how our patrons are using our site. Google Analytics uses only first-party cookies for data analysis. This means that the cookies are linked to Recursion Software owned domain(s), and Google Analytics will only use that cookie data for statistical analysis related to your browsing behavior on our website(s) According to Google, the data collected cannot be altered or retrieved by services from other domains.
